PAINT PLANT NOW OPEN IN NILES

Operations of the American Chemical Paint Co., Pennsylvania concern which has purchased Niles' Schuckl Cannery, were in full swing this week.

Announcement came from Leon Cherksey, of Ambler, Pa., president of ACP, who visited Niles today.

Cherksey also announced appointment of George H. Williamson, for many years with the company in Detroit, as West Coast manager and superintendent of the Niles plant.

American Chemical Paint will start packaging products shipped from Ambler soon after January 1, Williamson said. These products include:

1. Rustproofing and paint-bonding coating chemicals.
2. Pickling-acid inhibitors for steel.
3. Plant hormones, soil-conditioners, and "Weedone" weed killers.

The plant will employ about a dozen persons now, with more scheduled later.

Williamson said company plans now foresee manufacturing of ACP products in Niles within the next three years.

HURT IN FALL

Seriously injured last Friday in a 35-foot fall from a power pole near Warm Springs was George Ward, 24, PG&E worker from Castro Valley.

Ward's climbers slipped while he was changing position and he fell to the ground, fracturing his left leg. He is reported recovering at Hayward Hospital.

U. S. FLOOD CURBS START 'UP CREEK'

A straight line is the shortest distance between two points, and a straight line is what federal and county engineers want to make out of snake-saped, flood-prone Alameda Creek.

This word was passed to the Centerville Chamber of Commerce Monday by Herbert C. Crowle, engineer for the County Flood Control District.

Crowle said he, two civilian experts from the U. S. Army engineers, plus Engineer Matt Whitfield of the Alameda County Water District, informally surveyed the creek from Niles to Jarvis Road last Thursday. Reported Crowle:

"We all came to the tentative conclusion that the most desirable course is to straighten Alameda Creek from the Western Pacific bridge south of Niles, across the PCA gravel pits, (the Stevenson Ranch) and other property. In this way, a much greater volume of water can come down the creek without causing floods."

Crowle said he hopes the Army Engineers will do the job, and reminded that it all depends on the outcome of a survey for which the Engineers recently appropriated \$15,000.

Property for rights-of-way must be acquired by local interests, however, Crowle added, since the Engineers' policy will not allow them to buy such lands.

Here is where the county steps in, the engineer hinted, by forming the proposed Zone 5 of the Flood Control District, covering the Alameda Creek watershed.

Crowle said he hopes to have plans for this zone ready for presentation sometime in January, since February 1 is the deadline to get it formed for the coming year. Such a "zone," he explained, could then vote bonds or taxes for flood control and draining newly-developed areas.

Crowle said requirements that Glenmoor Homes tract near Centerville contribute an easement for a future drainage ditch follows a half-finished "master drainage plan" for this Township, which envisions large ditches paralleling Thornton and Central Avenues to carry rain-water runoffs from subdivisions west to the Bay.

He stressed that a flood-control "zone" could save taxpayers large sums by forcing future subdivisions to conform to tight drainage regulations.

Crowle also said tentative county-federal ideas about Alameda Creek include leaving the present winding bed for percolation purposes, to replenish underground water supplies.

SERVING OVERSEAS

Seaman Donald Pioletti, son of Joseph Pioletti of Niles, is stationed aboard the USS Deal in waters near Japan. Donald, a graduate of Washington Union High School, enlisted in the Navy last February and has been in the Far East for several months.

Emergency flood control work, which will play a big part in preventing the recurrence of last year's destructive floods, swung into high gear this week on several Alameda Creek tributaries in the Amador-Livermore Valleys area near Pleasanton.

Supervised by the Army Engineers, the emergency project includes brush clearing and snagging on approximately 10 miles of tributary streams, as well as silt removal and channel clearing and deepening operations.

Work is underway on Arroyo Mocho, Pleasanton Canal, and Arroyo de la Laguna (Almo Canal). With favorable weather, the job is expected to be virtually complete within 30 to 45 days—in time to play an important role in combating winter floods which have caused extensive damage in surrounding areas in past year. Colonel Henry Walsh, San Francisco district engineer, pointed out.

TB SEAL DRIVE OPENS HERE MONDAY WITH MAIL PLEAS

Still just a penny apiece—the same price in 1952 as they were in 1907—Christmas Seals, the traditional symbol of the fight to curb tuberculosis, will be in the mail Monday, November 17.

Sole means of support in the Alameda County Tuberculosis and Health Association, Christmas Seal Sale funds make possible a year-round program of case-finding, research, rehabilitation and public and professional education, according to Edward Enos, Niles Seal Sale chairman.

"During the past 45 years, the pennies of Washington Township Christmas Seal purchasers, added to the pennies of Christmas Seal buyers in other sections of Alameda County, have helped finance activities which have reduced the tuberculosis toll," Enos declared. "In spite of the

STANLEY SAYS NO DECISION YET ON NILES GRAVEL PIT

Supervisor Chester E. Stanley this week denied he and his colleagues already have made up their minds on the Niles gravel pit issue.

Stanley made the statement after he told the Centerville Chamber of Commerce he has asked for a county ordinance to control all quarrying activity, whether they are zoned or not.

The ordinance would apply equally to those which were in operation before the "use-permit" ordinance went into effect two years ago, he said.

Then, Stanley told the Chamber luncheon:

"I expect these pits will be beautiful lakes and recreation areas, as well as percolation beds. Right now, some of them aren't being properly sloped and cared for."

Stanley's remarks paralleled the arguments advanced in favor of the pit by Rhodes & Jamieson.

Inquired an Adobe Acres resident, who was present, referring to a scheduled decision on the Rhodes & Jamieson issue:

"Does that statement foreshadow the board's vote on November 25?"

"No," replied Stanley. "I don't know what that will be. We haven't polled the Board yet."

Stanley and the other four supervisors were touring the Niles area in what they said was an attempt to visualize the issue before voting November 25 on whether to uphold a Planning Commission reversal of stand which would grant R&J a permit to dig for gravel southwest of Niles.

Adobe Acres dwellers once had been able to block the permit, but the commission finally agreed to grant it, and the final decision now rests with the supervisors.

Stanley explained later his request for an ordinance covering all quarries was prompted by a statement from Dr. Lyle Buehler of Niles, who pointed out the county has no control over any gravel operations which started prior to the zoning curb.

Crash, Then Jail

Two Niles laborers who were involved in an auto accident in Canyon Heights Saturday night this week received jail terms on charges involving cars and liquor. Wendell Patterson, 39, pleaded guilty to drunken driving and drew a 30-day term from Judge Allen G. Norris. Patterson's companion, Rex Burns, 42, was sentenced to 10 days after pleading guilty to being drunk in a car.

PVT. MINGS IN JAPAN

Army Private Melvin M. Mings, son of Mr. and Mrs. Frank Mings, Newark, recently arrived in Japan and has been serving with the 24th Infantry Division.

No receiving intensive field training, his unit is part of the security forces in Japan. Before being rotated out of the line early in 1952, the 24th spent 19 months in Korea.

Private Mings, an ammunition bearer with the 34th Regiment, entered the Army in March of this year. He was employed by Pacific States Steel Corp. in civilian life.

Township Plan Ready for Public

PACIFIC STATES STEEL, AMERICAN FORGE MOVE OAKLAND OFFICES BACK TO NILES

In a move to consolidate its operations, Pacific States Steel Corporation and American Forge Company, the Township's largest single industry, this week announced it will move its Oakland offices to Niles.

The shift, which will be completed by next week, brings back to the parent mill the sales, accounting and executive offices which were moved to half a floor in the Latham Square Building in November, 1947.

The offices will be housed in the mill's office building, which executives say will be large enough to accommodate the extra 35 to 40 persons involved.

Included in the move are the offices of Joseph Eastwood, president of both Pacific States and American Forge; Milo G. Spaich, vice-president in charge of sales; and Marion Newman, vice-president in charge of finance.

Officials of the corporation said the return to Niles was prompted by the fact that greater efficiency can be obtained by having offices and operations in the same location.

Some room for the added activity was furnished last month when the mill's Credit Union moved to offices downtown in Niles.

The local mill is one of the largest on the West Coast, with upwards of 800 persons employed and a smelting capacity of about 300,000 tons of steel per year.

IDEA IS FATHER OF ELECTION!

Maurice Marks had a suggestion at the Mission San Jose Chamber of Commerce meeting Monday night, and Marks was promptly named a committee of one to carry it out.

The insurance broker was complaining that Mission "is in a unique position, with more tax-free property per assessed valuation than any other town in the United States."

He said GIs who presumably will fill two new subdivisions there get \$1000 exemptions atop those granted to Catholic school property under recently-passed Proposition No. 3. Marks warned this will cut deeply into the community's tax-supported services, such as the fire department. He said:

"I believe if someone went to the Catholic Church we could get some in-lieu payments for services, like the federal government gives when it moves a big Army base into some little town."

"You're just the one to do it," quickly replied Chamber President Michael J. Overacker Jr. "Let us know how you make out."

Stab Suspect Pleads

Bernardo E. Vidales, 43, of Blacksmith Alley, Alvarado, is slated to appear today in Centerville justice court on charges he stabbed a tavern acquaintance.

Vidales is accused of stabbing Ignacio Amaya, 30, on an Alvarado street three weeks ago. Last Friday he pleaded not guilty before Judge Allen G. Norris.

Commission Unveils It Here Wednesday

A crucial step in future development of Washington Township will be up for public approval next Wednesday when the Alameda County Planning Commission unveils its suggestions for orderly Township growth before consolidated local chambers of commerce.

The so-called "master plan" will be presented by John Jay Thomas, executive secretary of the commission. Commissioners, headed by R. J. Wright of Irvington, will be on hand to listen to local comment and suggestions.

The meeting will be held at the regular session of the Washington Township Chamber of Commerce at 8 p.m. in the County Building. However, President Allan Walton of Centerville stresses that the general public is urged to attend.

Presentation of the "master plan" climaxes several months of preparation by Thomas and the commission staff of experts.

Its final presentation is not expected until all interested parties have a chance to express their opinion, and to suggest changes, the commissioners said.

When the plan, probably with numerous amendments, is considered in final form, a series of public hearings again will give local residents their innings.

If it is adopted, the plan must contain zoning restrictions to put it into effect, and these are expected to raise controversies which the commission will have to resolve.

This week, two related Township matters came before the commission's regular meeting in Oakland.

The commissioners:

1. Deferred until after next Wednesday's session consideration of a petition from Adobe Acres residents to zone against certain industries (including gravel pits) the area between Niles and Decoto. Thomas explained the commission wants to see how this proposal will tie into the overall planning picture.

2. Received word from Warm Springs Chamber of Commerce that that body accepts staff recommendations for industrial zoning between the new Freeway and the railroad tracks.

SCOUT RALLY AT AMADOR TONIGHT

Township Boy Scouts will journey to Pleasanton tonight to take part in the first Twin Valley Scout Rally and to vie for prizes against troops from Livermore and Pleasanton.

The rally starts at 7:30 p.m. in Amador Valley High School auditorium, according to H. F. Anderson, scout executive.

Six local troops will attend. Two are from Niles, and one each come from Decoto, Newark, Centerville and Irvington.

The public is welcome to the rally, which features drill and proficiency competitions, with pennants to the winning troops.

BOARD SPURS SALE OF W.U.H.S. BONDS

Trustees of Washington Union High School last week authorized sale of all \$1,500,000 worth of bonds approved in the October 17 election.

Dist. Supt. J. V. Goold told the trustees he has 885 students in classes now, and expects 1150 next fall. Therefore, he explained, it is "imperative" to get the building program under way as soon as possible.

Goold said today the district "will be lucky to commence construction by April or May." After that, he said, it will be 18 months before any of the classrooms, gymnasiums, or shops can be occupied.

"It'll be like a man wearing a pair of shoes that are too small for him," Goold commented.

The trustees next Monday are to interview the Palo Alto architects, Clark and Stromquist, who laid out the tentative plan. Other architects will be interviewed later, Goold said.

The original \$150,000 bond issue which built the present school was paid off in 1949. This one runs for 25 years.

By contrast, directors of the recently-approved Township Hospital have tentatively decided to sell no bonds until construction starts, probably 10 months from now, according to L. S. Whitaker, chairman.

This means the \$1,250,000 hospital issue will not be reflected on local tax rolls until 1954. Construction is that far away, according to Ar-

**LAST RITES HERE
FOR FRANK BARNER**

Funeral services were held here Wednesday for Frank Barner, 65, former Niles restaurateur, who killed himself last week while brooding over ill health.

Barner leaves his widow, Annie, in their apartment on J Street. Services were at Chapel of the Palms with the Rev. Noel Glover officiating.

Barner and his wife for many years operated a restaurant on the Niles-Mission Highway, where he also sold sea-shells as a sideline. He retired several months ago.

William Hall Dies

William Hall, 62, of Mission San Jose, who died following a heart attack, was given final rites in Hayward Monday.

Mr. Hall was a native of England. He is survived by his widow, Mrs. Eva Dorothy Hall, and five children, Mrs. Winifred Gardner, and Edward, William, John, and George Hall.

Services were conducted from Sorensen Brothers funeral parlors, with Rev. Arthur Freeman, rector of St. James Church, Centerville, officiating. Entombment was at Chapel of the Chimes, Oakland.

**M.S.J. FIREHOUSE
PLANS READIED**

A new firehouse for Mission San Jose seemed certain today with reports blueprints for the building should be approved by the County Supervisors within the month.

Fire Commissioner John Amaral reports \$22,500 in funds in the district's treasury, derived from a 75-cent tax. He said he believes these funds will be sufficient to build the firehouse, slated for location at Vine and Ellsworth Streets.

Amaral added he thinks the district will be able to purchase an engine early in 1954.

Plans for the firehouse were submitted several months ago by Architect LaRue Sorenson.

Meeting the growing demands for service in timber-rich Roseburg has meant more than tripling the city's telephone system since 1941

Roseburg, Oregon: Thriving Timber Town

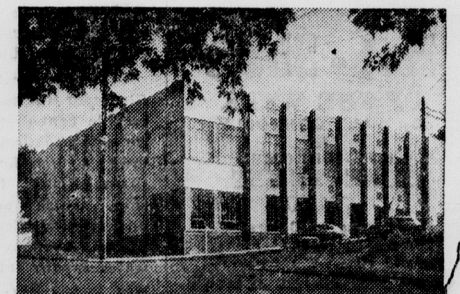

You may find this is the telephone story of your town, too

Roseburg, key city of the nation's largest timber county—grew fast during the war and postwar years. Like many Western communities, its population almost doubled—from 4,900 in 1940 to nearly 8,500 today. Its annual income soared, too—retail sales in the county increased six-fold in a single decade. In these figures lies the reason for our amazing telephone expansion in Roseburg. We had to grow fast to meet the needs of more people in town—and more of those people wanting telephone service.

Your telephone is one of today's best bargains

Roseburg's telephone story has been told in hundreds of communities up and down the West. Fast as the population has grown, the telephone has grown at an even faster rate...twice as fast, in fact, in the territory we serve. For at today's prices, the telephone is so economical more people can afford it...so useful, more people want it.

Major telephone construction in Roseburg began shortly after the war. We built a new central office building. And in February, 1951, a completely new dial telephone system was placed in service for Roseburg telephone subscribers. Altogether, we spent more than \$3,000,000 expanding Roseburg's telephone system. Even so, because Roseburg is continuing to boom beyond all expectations, we cannot provide all telephones needed the moment requests for service come in. But, in the face of materials shortages, we'll keep doing our best to take care of present orders... as well as those which we know still lie ahead.

BOLIVIA, OLK HURT AS HUSKIES DROP LEAGUE TILT TO CAMPBELL, 31-12

By BOB HIRD

Campbell's Buccaneers buried the last Washington High chance at the S.C.V.A.L. pennant Friday afternoon as they trimmed the Huskies' varsity, 31-12, on the Buc gridiron.

The Huskies, who have been bothered by injuries all season, suffered two more serious ones during the rough contest.

This time their two first-string ends had to leave the contest—both in the first half. Allan Oik suffered a separated shoulder, and a few minutes later Jim Bolivia, a fine pass receiver, went out for the season with a broken wrist.

Other games in the S.C.V.A.L. found the league-leading Fremont Indians blanking the Santa Clara Panthers 14-0 and the Los Gatos Cats defeating the James Lick Comets 30-14.

The local eleven was the first to score in the Campbell game. After a march from their own 37 John "Chico" Chacon, Husky fullback, pitched a 28-yard pass to Jim Bolivia in the end zone. Ed Valles' try for extra point was blocked by the charging Campbell line.

The Bucs bounced back without delay. They took the kickoff and drove to the Huskies' ten-yard marker, from where halfback Duane Holm crashed over tackle for the score. The try for extra point fell short.

Len Pereira, who tallied three T.D.'s for the Bucs, started the second quarter with a 27-yard sprint around right end for another six points. The try for extra point again failed, but the Bucs led 12-6.

With two minutes remaining in the second period, Campbell added another 6 points when Holm again pushed his way over, this time from 8 yards out. A recovered fumble on the Husky 32 paved the way to the score.

The Buc's fourth tally of the afternoon came on a 50-yard gallop by Pereira after he picked off one of Chacon's passes. The try for extra point was good by Holm and the Bucs led 25-6.

The injury-riddled Huskies, trying to catch up, scored late in the third period on a 15-yard pass play from Chacon to Frank Galvan.

Pereira, who starred for Campbell all afternoon, tallied the final touchdown as he again skirted right end, this time for 22 yards.

Tonight the Huskies play host to the Fremont Indians. Kickoff is scheduled for 8 p.m.

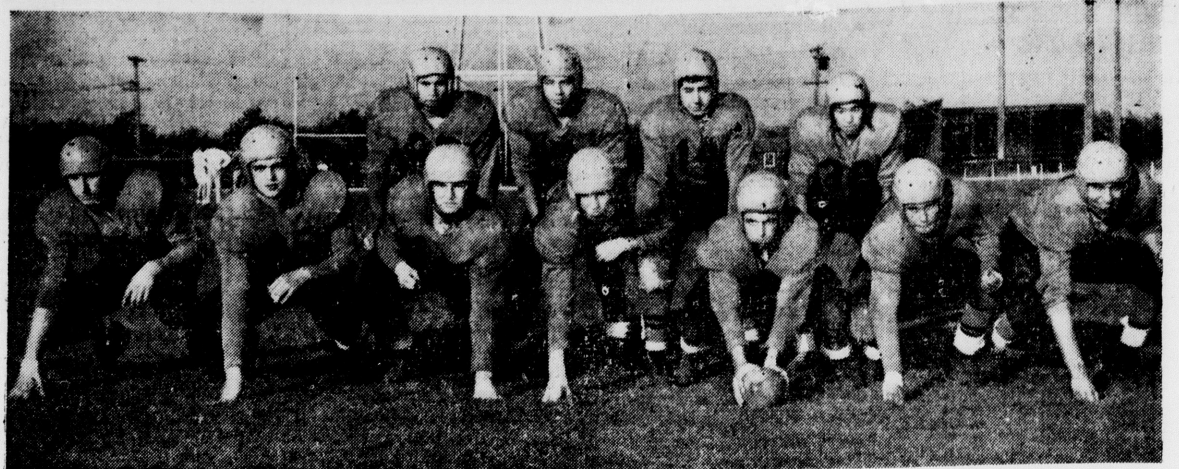

Score by periods last Friday:
Washington 6 0 6 7—12
Campbell 6 12 7 6—31
Touchdowns—Bolivia (W), Galvan (W), Holm (C) 2, Pereira (C) 3. Points after touchdown—Holm (C) 1.

The Los Gatos games, November 21 have been rescheduled for the Washington home field, Coach Jud Taylor announced today.

Wins Bass Derby

Ivor Poulson, Newark salt company employee, won first place in last Sunday's Township Sportsmen's bass derby, held at Franks Tract on the San Joaquin River. Poulson landed a 28-pound striper to lead a field of more than 40 entries. Les Gray of Niles was runner-up with a fish that weighed only ounces less than Poulson's.

Coco-cola first appeared in advertising in Atlanta, Ga., in 1887.

LAST WEEK'S HUSKY VARSITY—And the question is—what will next week's look like? Out of the picture with injuries in last Friday's Campbell game went the two first-string ends, Allan Oik (farthest left) and Jim Bolivia (extreme right). John Chacon, tailback, was hurt when this photo was made, but later returned to the

Husky lineup. Other players are (line, left to right) Bob Brazil, tackle; Clarence Souza, guard; Ron Platt, tackle; Ernie Delgado, center; Eddie Valles, guard. (Backfield): Frankie Galvan, half; Tony Nieves, full; Dick Guerra, quarter; Frank Murakami, half. The undermanned Orange-and-Black faces top-rated Fremont here tonight. (Register Photo)

PUPS WIN, 25-14. SHOOT FOR FLAG

Washington High's Puppies held on to second place in the S.C.V.A.L. race Thursday when they defeated the Campbell yearlings, 25-14. Although winning, the Puppies did not look too good, especially in the second half.

The rugged Campbell defense held the local B's to a standstill many times during the contest.

The Pups took a 7-0 lead in the first quarter on a lateral play that covered 50 yards. The play started with quarterback Russ Hayes carrying and lateraling to Ed Fletcher, who scored the touchdown. Don Leach converted.

The local lightweights tallied their second touchdown on a pass from Fletcher to Frank Velarde that covered 27 yards. Archie Delao gave the Puppies their third T.D. as he took the kickoff which opened the second half and returned it 82 yards to pay dirt. It was the longest run of the year by a B back.

The Puppies made it 25-0 late in the third period as Jess Pineda, an end, blocked a punt on the Buc's 7, then picked it out of the air and raced into the end zone.

The Buc's offense finally got rolling in the fourth period and

BULLDOGS, SOX IN GRID FINAL

The Bulldogs and Red Sox, both undefeated, met late yesterday for the Decoto Elementary Intermural Flag Football title.

The game was played at Barnard School with each squad presenting a 7-man lineup, plus four substitutes.

Decoto Marble Tourney

Decoto's marble tournament starts tomorrow, November 15, at 11 a.m. at both Barnard and Decoto school grounds.

Fourth, fifth and sixth graders may enter, and grade champs and a grand champion will be determined. Prizes include a walkie-talkie radio, footballs, magician and hot-rod sets.

tallied two touchdowns, but couldn't catch the victorious Puppies.

Tonight may decide the battle for second place, and possibly first, as the Puppies meet the Fremont yearlings on the Washington gridiron. Kick-off is slated for 6 p.m.

DECOTO GRIDDERS TAKE LOCAL TITLE

Decoto's heavyweight grammar-grade gridgers annexed the Township League crown Monday, downing Centerville 20-0.

The win gave Decoto a 7-0 record, with all league games completed and only a pair of inter-

sectionals and the faculty contest to play.

The heavies have rolled up 112 points to 13 for their opponents.

Espinola-Medeiros Nuptials at Mt. View

White chrysanthemums decorated St. Joseph's Church in Mountain View last Sunday when John Espinola of Newark claimed Elveira Medeiros of the Peninsula city as his bride.

Elveira was escorted to the altar by her brother, Eddie Medeiros.

Her wedding gown was of white satin and white lace. Its long-sleeved bodice, bouffant skirt and train were covered with white lace. The full-length skirt had a pleated nylon inset down the front center. A Queen Elizabeth tiara trimmed with seed pearls secured the full-length, lace-trimmed net veil. She carried a white lace covered prayer book with satin streamers decorated with lilies of the valley and a white orchid. White satin slippers completed the bridal costume.

The bride's attendants were Rena Tosta of Modesto, maid of honor, who wore a gown of yellow net and lace and a yellow Juliet cap and carried a bouquet of green carnations; Irene Lewis, Mary Gamma and Alice Medeiros of Mountain View, and Antoinette Pimentel of Centerville, whose gowns were of green net and lace. They wore hand-bands of green velvet flowers and carried bouquets of yellow carnations. The flower girl, Debbie McNeive of Newark, wore a hoop-skirted dress of white taffeta.

The bride's mother, Mrs. Mary Medeiros, wore a gray suit with black accessories and an orchid corsage. The groom's mother, Mrs. John A. Espinola, wore a dark gray suit dress with a lace bodice and blue accessories and an orchid corsage. The bridegroom selected Lionel Goularte of Newark as his best man. Ushers were Johnny Cordeniz of Irvington, Joe Martin of Half Moon Bay, Lawrence Perry of Sunnyvale and Edwin Andrade of Newark.

A wedding dinner followed the ceremony in the S.V.F. Hall in Mountain View. The reception was held in the Newark Pavilion with more than 300 guests present. The couple will reside in Pleasanton upon returning from their honeymoon.

Engagement of Newark Couple Announced

Mr. and Mrs. Tom Marshall announce the engagement of Mrs. Marshall's sister, Earlie May Sloan of Newark, to J. W. Freiley of Newark.

Miss Sloan is the daughter of Mr. and Mrs. Frank Sloan of Wewoka, Oklahoma. She is a graduate of Washington Union High School, class of 1950, and is employed at the Wedgewood plant in Newark. Her fiancé is the son of Mr. and Mrs. J. W. Freiley of Visalia. He is a graduate of Fort Worth High School, Fort Worth, Texas, and also is employed at Wedgewood.

The couple plan a Reno wedding this week-end and upon their return will be at home at 559 Mulberry Street, Newark.

Attend Shrine Club Banquet at Diablo

The John Brahms of Niles were hosts to eight Townshippers last Saturday night at the Southern Alameda County Shrine Club's annual dinner-dance at Diablo Country Club.

Attending with the Brahms were Mr. and Mrs. Bain Leask of Niles, Mr. and Mrs. LeRoy Broun of Centerville, Mr. and Mrs. Jerry Sletten of Niles, Miss Harriet Dias and Vernon Ellsworth of Niles.

Mr. Brahms is a past president of the club.

Paper Drive Tomorrow

Weather permitting, a paper drive will be held in Newark this Saturday morning, beginning at 8 a.m. Residents are asked to bundle papers and magazines securely and place out in front where they may be easily seen. The drive is sponsored by the local Boy Scout, Girl Scout and Brownie troops.

Attend Reception

Mr. and Mrs. J. R. Binder and family were in San Francisco last Sunday attending a reception honoring Mrs. Binder's sister, Sister Mary Paul Julie O.P., the former Geraldine Casey, who is visiting family and friends in San Francisco before leaving for her new mission in the Philippine Islands in late November.

Benefit Party

A party for the benefit of the Alta Vista Church was given recently at the home of Mrs. Mac Barongan in Alvarado. Present were Mesdames Emma Bingham of Alta Vista, W. H. Cheney, Anne Hendricks and James Borges.

Initiation Planned by De Guadalupe Institute

On Thursday evening, November 20, De Guadalupe Institute No. 74, Young Ladies' Institute, will conduct initiatory ceremonies with President Dolores Lemos presiding.

Before the meeting, a "Welcome New Members" pot-luck supper will be held at 6:45 in Boliba Hall, Niles, with Mrs. Marie B. Silva of Centerville, as general chairman. Mrs. Mamie E. Perry will be in charge of flower arrangements and the following will act as hostesses for the evening: Mesdames Alta Rowlett, Olive Nash, Marie Brown, Marion Lewis and Alice King.

The Past Presidents' Club of the Institute met at the home of Mrs. Ruth Silva, Centerville, Wednesday, to work on changes in the by-laws under direction of Chairman Mrs. Dorothy Cardoza.

Members have also been requested to bring their donations of canned goods for the food baskets which will be given to four needy families at Christmas time. A "traveling basket" has also been started among the members in order to raise funds for this worthwhile cause.

Lozano-Duran Wedding Saturday at Decoto

Gloria Lobano, daughter of Mr. and Mrs. Guadalupe Lozano of Decoto, will be married Saturday afternoon to Arthur Duran, also of Decoto. The marriage will be performed at 2:30 by Father Ralph Duggan in the church hall.

The couple attended Washington Union High School. The groom, son of Mr. and Mrs. Phillip Duran, is employed by Holly Sugar in Alvarado.

After a short honeymoon trip, the couple will be at home on Eighth Street, Decoto.

Whist Postponed

Postponement of the Newark Women's Improvement Club whist from November 14 to November 28 is announced this week by President Lillian Costa. Postponement is necessary because the school auditorium, where the party is to be held, is not yet completed.

Blue and Gold Alumni To Meet Here Nov. 20

In their annual pre-Big Game turnout, members of Washington Township's University of California Alumni Club will meet Thursday at 6:30 p.m. for dinner in the Women's Clubhouse on Parish Avenue, Centerville, according to Mrs. Roland Bendel, president of the club.

Speaker will be Dr. Lester E. Reukema, professor of electrical engineering at the University, whose topic will concern changes in modern living produced by recent scientific discoveries.

The club's nominating committee, Vernon Ellsworth and Donald Graham, will present a slate of officers for the new year.

Cliff Dochterman, field secretary of the California Alumni Association, also will be on hand.

Mrs. Bendel urges all Township newcomers who are "Cal" alumni to attend with guests. Reservations can be made through Mrs. Lester Whitaker, Niles.

Decoto Discussion Group Reviews Keith Book

Mrs. Evelyn Joseph led a discussion of "White Man Returns" last Wednesday when members of the Decoto Discussion Group met at the home of Mrs. Dorothy Musick, hostess. The book is the third of a trilogy written by Agnes Newton Keith. It tells the story of her family who returned, after the war, to their home among the natives in Borneo.

Luncheon served by the hostess preceded the meeting. An attractive table had been set on the lawn, where the group remained for the discussion period.

Mrs. Florence Wallace will be the leader for the December meeting to be held at the home of Mrs. Catherine Goularte. She has chosen "Long, Long Trailer" by Clinton Tiviss for a review.

Birthday Party

Mrs. Frank Sacramento of Alvarado honored her children, Frank Jr. and Donna, with a birthday party at their home recently. The party was attended by out-of-town as well as local guests.

Whitfields Celebrate Wedding Anniversary

Mr. and Mrs. Matt Whitfield of Centerville were honored with an open house at the P. G. and E. Clubhouse Sunday. The party was a surprise to the couple and was in celebration of their fortieth wedding anniversary.

The affair was also a family reunion with more than seventy relatives signing the guest book. Matthew Whitfield Jr., and Mr. and Mrs. Clyde Voorhees were hosts honoring their parents.

Mrs. Frank Silva of Sunol, who was maid of honor for her sister—Mrs. Whitfield—was present, as was Peter Whitfield, who was best man for his brother at the wedding forty years ago.

Mr. and Mrs. Whitfield were born and raised in Mission San Jose.

The clubhouse was decorated in the wedding theme. Decorations featured bride-and-groom table-centerpiece and a large cake. Guests came from San Francisco and the Peninsula and from all over Washington Township.

Mrs. Sarah Boggini, Mission San Jose, mother of Mrs. Whitfield, was also present.

Celebrate Anniversary

Mr. and Mrs. R. C. Springer of Newark celebrated their twentieth wedding anniversary Saturday evening when they went dinner-dancing with Mr. and Mrs. Stanley Roderick in San Jose.

Visit San Jose Friends

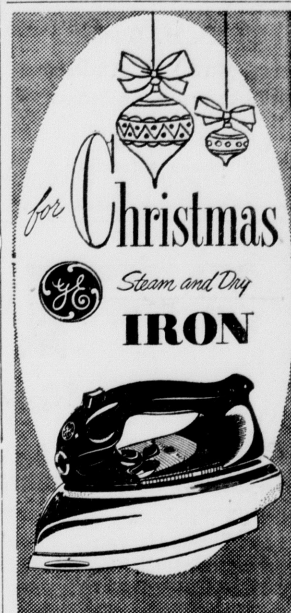

Mr. and Mrs. H. C. McMahan of Niles spent Sunday in San Jose as the guests of Mr. and Mrs. Andy Peterson.

Attend O.E.S. Dinner

Elsa Nikkleson, Catherine Parry, Elizabeth Mendenhall, Sue Lemos and Eileen Stoops were Township ladies attending the Star Point Warder dinner in Oakland Sunday night.

Week-End at Sea Cliff

Mr. and Mrs. Sam Stevens of Newark spent the week-end at their cabin at Sea Cliff near Santa Cruz.

SOPHO-MISS QUEEN OF WUHS CARNIVAL

Pretty brunette Madyen Hernandez, 15, a sophomore student, was chosen queen of the annual Washington P.T.A. Carnival last week.

Miss Hernandez reigned over the annual event in the high school gym. It attracted more than 500 people.

Highlight: the queen contest grossed \$800, P.T.A. officials said.

NO PAY AT MSJ

A move to raise Mission San Jose Chamber of Commerce dues 50 cents above their present \$1-a-year level failed this week when Secretary-Treasurer Jacob Koelsch said he prefers to serve without salary until more members can be attracted. President M. J. Overacker Jr. had proposed the boost to pay Koelsch a nominal fee for his work.

NAVY HELPS KEEP PEACE, ROTARIANS TOLD

Those who wonder why the United States maintains a large fleet had a set of answers last week in a speech made to the Niles Rotary Club by Capt. E. C. Renfro, USN, commander of the Naval Air Station, Oakland.

Commented the Navy official:

1. The Soviet today has six times as many submarines as Nazi Germany, which sank 24,000,000 tons of our shipping.

2. America has to keep 33 sea lanes open to bring home necessary raw materials.

3. The Navy keeps the peace through such concrete warnings to aggressors as the Sixth Fleet in the Mediterranean and the Seventh Fleet off Formosa, to say nothing of the aid given our troops by the First Fleet off Korea.

Capt. Renfro made an appeal for Naval Aviation cadets. Standards are high (2 years of college, age between 18 and 20½) but pay on graduation is good (\$38 to \$448 per month) and there is a chance to get into the Regular Navy, he stressed.

He deplored the cutbacks under Secretary of Defense Louis Johnson which, said Capt. Renfro, all

but wiped out the cadet program. He added it has been hard to rebuild: with a nationwide quota of only 217 cadets per month, the Navy hasn't met the quota in the last year, he said.

Capt. Renfro was introduced by Program Chairman Dr. T. C. Wilson.

RED CROSS NEWS

By MAY LEGRO

Motoring to the Veterans Hospital at Livermore last Friday were Mrs. Anne Rose of Irvington and Mrs. Alice Tuchen, Mrs. Elsie Madrug and Mrs. Marie Dutra, all of Centerville.

Mrs. Beth Grimmer, Mrs. Buddy Hird and Mrs. Carol Svoboda served at the Park Air Force Base Blood Bank on Wednesday.

If you have not yet signed up for the Gray Lady course to be held the first week in December, now is the time to get in touch with Mrs. Nellie Talley, Niles.

Blood procurement continues with the Township Blood Bank next Monday, November 17. Mrs. Allan Walton is the chairman of the day.

Township committees for blood procurement are listed here by towns. Phone one of the members in YOUR town and arrange to donate a pint of blood next Monday, November 17, at the Veterans' Building in Niles.

OLD ROOMS MOVED AT NEWARK SCHOOL

Moving of the old Newark Grammar School building began this week after weeks of preparation.

Art Cotton, local contractor, has purchased the building and is moving the auditorium section to Thornton Avenue near the Assembly of God Church, where it will be used as a recreation hall. This section is already being moved.

The classroom section of the old school will soon be moved to the corner of Sycamore and Rich in Newark and will be remodeled for use as store buildings.

The new wing of the Newark school is nearing completion, the multipurpose room being the only part still under construction. The site development program, now open to bids, will start in less than two weeks.

The San Francisco-San Jose Railroad was completed January 16, 1864.

1888 - First electric
lamps bedazzled
western eyes

Feeble and yellowish by today's standards, the light of Edison's early lamps was truly a blessing in the homes and shops of young California. Since then, it has brightened, until . . .

Today you can flood your home with good light!

From the harsh glare of the first bare bulbs, modern science brings you the comfort and "lift" of bright but diffused light. Today, with new lamps and bargain electricity, you can easily bathe every room in soft light to bring out the color and charm of your furnishings . . . banish eyestrain at work areas and study tables . . . kill shadows. Talk to your lighting dealer about the latest "recipes" for modern light. You add new cheer, guard priceless eyes—for only pennies a week!

And look how P. G. and E. has cut the cost of lighting a 50-watt bulb:

1 hour for 1¢ in 1888 6½ hours for 1¢ today
(based on use in typical San Francisco home)

100 years experience has made good gas and electric service cheap!

To give our customers a wider selection in TV sets, we added two new lines last month: DuMont and Zenith. Now you can pick out the set you want from five of the nation's finest brand names. Besides DuMont and Zenith, we carry RCA-Victor, Admiral and Hoffman.

RIDDLE:

What is prompter than the tax collector and more complete than election returns on November 5? Answer: Sears & Houston's radio and television repair service. Prompter because our master servicemen, Leo Bohannon and Bob Lloyd are always on call to administer vitamins to your flickering video or put one of those mysterious jiggers in your faltering radio set.

More complete because Sears & Houston now carries the biggest stock of spare parts for radio and TV between Hayward and San Jose. If you don't believe us, try us with a tough one!

BACK UP! BACK UP! BACK UP! Yes, we back up our SALES with prompt and complete SERVICE. And we never, never BACK OUT on a guarantee.

So you want a TV set for Christmas... well, better get on the beam, friend. There'll be no last-minute shopping in TV this year. Seems like last spring when the manufacturers when the manufacturers were laying plans for their fall models, somebody got cold feet. "Let's hold it down," they said. "Maybe we're oversold right now."

I'll bet a busted condenser that guy is kicking himself now, though. Not only did the demand for sets hold up, but a whole flock of new cities were opened up for TV reception in the meantime. Result: a definite shortage of sets for the holiday trade. This week our San Francisco wholesaler had only ONE of a certain model on hand. Be wise: order your new television set now from

SANTA RITA SHIFT OPPOSED BY C. C.

Centerville's Chamber of Commerce this week joined Niles in asking a public hearing before the Air Force takes back Santa Rita jail farm.

Supervisor Harry Bartell, who attended the chamber's weekly luncheon, thanked the body for its action, and stated it will cost taxpayers \$2,000,000 to replace the farm if the Air Force re-assumes control there.

GI Freed on Gun Rap

Denson H. Parnell, 20, a Camp Roberts soldier, got off with a suspended sentence this week after admittedly using a pistol to scare off a group of youths who reportedly stopped his car in Decoto.

Parnell said he was driving a friend and the friend's wife home from a dance when the incident occurred. He said the youths pursued his car and forced it off the road.

The probation was imposed Monday by Judge Allen G. Norris.

California produced 163 1/2 million gallons of wine in 1951.

THAT TRIP TO KOREA

President-elect Eisenhower's campaign promise to visit the Korea battlefield brought a torrent of scorn from his late opponents. They asked what possible good it could do, called it a grandstand play. The voters thought otherwise.

There is plenty of precedent for such a trip. Roosevelt, Churchill and other wartime leaders never hesitated to travel if they thought they could gain a clearer picture of what was going on. Korea suffers from an overcast of murky politics and muddled thinking. An Eisenhower-on-the-spot could dispel a lot of smog.

Some fundamental decisions are needed soon in Korea. For two and a half years, we have had a bear y the tail there, afraid to let go, and losing our skin and our wallet as the beast thrashes around.

Washington's frustrated theorists have no real answer to Korea except "wait and see."

The President-elect will get some better answers from the men who have been doing the fighting, as distinguished from the armchair brass, snug at home. It will be strange if Eisenhower, an experienced soldier, statesman and clear thinker, does not come up with a better solution than that which allows us to be-bled of our national wealth and our best youth in the stalest of stalemates.

FLOOD CONTROL

Alameda County's chief flood control engineer this week disclosed he and federal engineers are in agreement that the best way to keep Alameda Creek in its channel is to straighten it out from Niles to Alvarado, thence to the bay.

Bill Gianella, who lives along the creek and who has thought about it a lot, came in with the counter-suggestion that the route cut from Niles south to someplace near Santos Road, then into the Bay south of Centerville and Newark. Bill is no engineer, but he talks convincingly when he shows you on the map that the route is (1) miles shorter, (2) cheaper, since it goes through less valuable land.

We hope the experts give Bill's plan at least a good once-over.

ODE TO J. FROST

We hear a lot about the autumn foliage in New England, but have you seen the leaves in Niles Canyon this week? The time to drive up for a look is in the late afternoon, when the setting sun highlights each tree in that beautiful steep valley.

The cold nights have turned the sycamores to rich browns and bright yellows, and assisted by some other shrubs whose name we don't know, they make a brilliant tapestry with the oaks and evergreens. Go and lift up your heart in our Canyon.

Recovered

Mrs. Mary Avilla Sr. of Niles is now able to be up and around after her recent illness. Being 99 years old, she is reportedly the oldest resident of this community.

Canary-Show Prospect

Mrs. H. G. Spurlock of Alvarado will enter her color-bred canaries in the Grand National Bird Show to be held in Oakland November 17 to 23 at the Exposition building.

CONGREGATIONAL CHURCH Niles

Beginning Sunday, November 16, all departments of the Church School and morning worship service will be held at the same hour, 10 a.m. This is a change from the present time of 11 o'clock. The change in hour has been made possible by increasing the teaching staff of the Church School, and will provide an opportunity for the whole family to worship at the same time.

"Knowing When to Draw the Line" is the topic of Rev. Paul Focht's sermon. Mr. Donald Patterson is in charge of the Church School program.

ASSEMBLY OF GOD Newark

Final services in the evangelistic campaign being conducted at the Newark Assembly by Evangelist and Mrs. Carl Purdy, will be held Sunday. Films Mr. Purdy took in Switzerland are to be shown Friday night at 7:30 in connection with a message, "Signs of the Times." Rev. Purdy will preach Sunday at 11 a.m. on the subject, "Still Waters—Green Pastures!" Sunday night at 7:30, his final message will be titled, "Three Exceeding Things," and he will then show his pictures taken throughout Spain, and Italy.

The Sunday School launches an attendance contest next Sunday, and will offer a seven-foot candy bar to the person who brings the

MYSTERY MAN WAS COUNTY WORKER

Last week's Mystery Man was hard to guess—Al Lopez, Niles florist, hasn't been here very long. This week, however, oldtimers should have no trouble and should hardly have to look through the rest of the paper to find the answer.

He was born in Knoxville, Iowa, in 1873.

He came to Newark in 1893 and has lived here ever since.

His first job was as a machinist for the Southern Pacific. From there he went into politics.

In 1902 he went to work for the county auditor. He worked in tax assessor's office then as a clerk for Superior Judge William H. Donahue.

He was chief deputy in the tax collector's office for 22 years prior to his retirement in 1945. He is a longtime member of the Alameda County Republican Central Committee, served as a trustee of Newark School for 24 years and Washington Union High for 26, and was in the forefront, promoting construction of both new schools.

He was secretary of the Centerville Masonic Lodge for 27 years, helped form the Masonic Hall Association, and is still its secretary after 40 years.

When he was still a young man, he joined a bachelor's club with some friends. An attractive girl lived next door to the women-haters. They started going steady, and when he went to work for the county, they were married. They still are.

His wife has administrative talents too. She served as a post-mistress for three years.

After his retirement from county service, our Mystery Man went into the real estate business to keep active. This work was interrupted last May when he was seriously hurt in an auto accident.

He hopes to be back in harness soon.

Guess who?

CARD OF THANKS

We wish to express our thanks to our many friends and relatives for the flowers, masses and sympathy cards extended to us in our recent bereavement in the loss of our wife, daughter and sister, Myrtle Goularte.

Daniel Goularte
Mr. and Mrs. Joseph Brown and family.

Mother Visits

Mrs. Frank Avilla Sr. of Niles has had her mother, Mrs. Anna Bernard of Hayward visiting at her home the last two weeks.

NILES SPORTSMEN SHOOT ON SUNDAY

Deadeyes will be at a premium Sunday when Niles Sportsmen's Club holds its annual Turkey Shoot on the Mission-Niles Road range.

Joe Perry, newly-installed president of the organization, says trap, big-bore and running targets will be used, and that ammunition and refreshments will be available on the range. The public is invited.

Perry and a new slate of officers were installed Saturday in ceremonies at Veterans' Memorial Hall. One hundred thirty-two persons attended the dinner, which was served by the club's Ladies' Auxiliary.

Installed with Perry were William Pine, vice-president; Joe Dutra, treasurer; Dick Ermicon, secretary; and Al Gamba, Joe Pine and Tony Fields, directors.

VALUABLE KILL

California deer hunters have just wound up a hunting season in which they took home at least \$1,250,000 worth of venison, the Department of Fish and Game estimates. The figure is based on a near-record deer kill of 50,000 deer in 1952, with each successful hunter storing at least \$25 worth of deer in his locker. An arbitrary price of 35 cents per pound of dressed meat was used.

ALVARADO-DECOTO

By PATRICIA VARGAS
Mrs. Theresa Martin of Decoto is recovering from a serious operation.

Mrs. Isabel Momgren of Alvarado left last week to visit her family and friends in Mexico.

Johnny Torquemada of Decoto is en route home after 10 months in the Korean front lines.

Mr. and Mrs. Frank Vargas and daughter, Patricia, of Alvarado, with Mr. and Mrs. Cip Diaz of Irvington, went to San Jose for dinner Sunday night.

Visitors from San Jose

Mr. and Mrs. Manuel Perry of San Jose spent the day Sunday at the home of Mr. and Mrs. Gregory Maciel in Centerville.

Vacation in Hawaii

The Walter Connollys of Irvington left this week for a trip to Hawaii. They will return about Thanksgiving aboard the Lurline.

New Home

Mr. and Mrs. James Borges and small son, Dennis, have moved into the former Ponder residence on Varney Tract in Alvarado.

Oakland Visitors

Sunday dinner guests at the home of Mr. and Mrs. Ambrose Loyola, Alvarado, were Mr. and Mrs. Sogonas of Oakland.

CO. ASKS DELAY ON TRANSIT BODY

Opposition to the creation of a San Francisco Bay Area Rapid Transit Authority until the studies ordered by the state legislature are completed was voiced today by the Alameda County Rapid Transit Committee.

A resolution opposing further steps toward the creation of the transit authority was filed with the San Francisco Bay Area Rapid Transit Commission by Sherwood Swan, chairman of the Alameda County committee. The committee of 100 appointed by the Alameda County Board of Supervisors has been studying the rapid transit problem for several months.

The Alameda County committee's resolution noted that the California state legislature created the San Francisco Bay Area Rapid Transit Commission in 1951 to study and investigate rapid transit problems in the area and that due to insufficient time and funds these studies are far from complete.

The committee further stressed that the legislative act contains ample provisions for the continuance of such studies if sufficient funds are made available, and urged that the legislature make funds available to the commission to carry out the assignment.
